Subject: RE: CUP conditions for 2000 Roanoke Street

Suggested Conditions for Farmers Market in Christiansburg / NRV Grown:

The site will be maintained in a clean, sanitary and sightly manner.
The market and each vendor will comply with applicable federal, state, and local laws, ordinances, and regulations.
The market will maintain a Town of Christiansburg retail business license (individual direct producers are not required to obtain said licenses).
Collection and filing of any other applicable taxes and payment to the appropriate taxing authority will be the sole responsibility of the vendor.
Vendors selling prepared foods must collect and file Meal Taxes payable to the Town of Christiansburg.
No market specific materials or displays will be stored outside on non-sales days or hours.
Market sales area will be clearly defined and kept separate from parking area and public roads or right of ways.
.

Subject: CUP conditions for 2000 Roanoke Street

I am attaching the conditions that were placed on Greg Nagy's request for a farmers' market and flea market at 2000 Roanoke Street, which was approved by Town Council and later voided at Mr. Nagy's request. Many of the conditions were offered by Mr. Nagy in a letter which accompanied his application and several are geared toward the flea market side of the request. This is the only farmers' market CUP request that the Town has had (though we did approve a flea market at the same location in 2009).
