RE: **Hosting ACC Swimming and Diving Championship**

We hope you feel a great sense of accomplishment for your contributions in making these championships one to remember. We set out to host these championships in the tradition Virginia Tech is known for. Our goal was to exceed the expectations of the coaches, athletes, officials and fans. We succeeded!!

A giant thank you to the staff at the Aquatic Center. You truly represent the belief that attitude is everything by your "go out of your way" approach to your work. It is an honor to collaborate with you.

To the Virginia Tech staff, you're the best! We introduced some new ideas at this championship, cold tubs, splash guard, extraordinary student-athlete hospitality, separate massage area, unparalleled scoreboard results and video. All the immediate feedback was very positive.

Thank you for your creativity, vision and work ethic. Those qualities work together to set us apart.

As we close the book on this championship, please feel free to let me know any thoughts you have to make the championship better. In the event we are privileged to host again we want to be prepared.

Thank you, thank you, thank you!

xc: Richard Ballengee, Mayor Town of Christiansburg
Barry Helms, Town Manager
Jim Weaver, Athletic Director Virginia Tech
