III. RECOGNITIONS

IV. CITIZEN'S HEARING

1. Planning Director Nichole Hair presented Council with an update of what the Planning Department does on a daily basis. She explained the types of violations that occur within town limits which ranged from high grass complaints to disabled vehicles and how the department responds to such violations. Ms. Hair advised that the department responds to these violations with a range of enforcement, from warnings to court enforcement and that were approximately 300 violations the past year. Councilman Hall questioned who absorbed court cost in those situations to which she replied that those costs are passed along to the violator. Councilman Bishop questioned what the Planning Department does regarding weekend sale signs to which she responded the Planning Department will take possession of those signs if they are seen or they are notified by a citizen complaint. Mayor asked if that included Yard Sale signs and it does.

Councilman Stipes questioned out of the approximately 300 violations in a year how many were handled within department and Ms. Hair advised that approximately ninety percent of all violations are handled within the department.

V. CITIZEN COMMENTS.

- a. There were no citizens comments.

VI. DISCUSSIONS BY MAYOR AND COUNCIL MEMBERS

1. COUNCIL ACTION ON:

Re: Cinnabar Road – Boundary Line Adjustment

Dear Barry:

As you are aware, the County recently acquired property on Cinnabar Road as the site for the new animal shelter. The planned facility will serve the County and both Towns providing shelter care and adoption services for both dogs and cats. The County also owns the small parcel adjacent to the proposed site that is located in the Town of Christiansburg. The parcel is identified as Tax Map Number 406-A-130, containing 0.67 acres, conveyed to the County in Deed Book 1064, page 577. This letter serves as an official request to the Town for a boundary line adjustment to move this parcel into the County.

Approval of this request would facilitate the construction of the new shelter by allowing this parcel to be joined with the existing parcel on our site. As one site, the regulatory processes including stormwater management (MS4 requirements), erosion and sediment control, building inspection, and zoning changes would be a County responsibility rather than split between the two jurisdictions.

Should the Town be willing to adjust the Town boundary, the County will be responsible for drafting the required Boundary Adjustment Agreement, obtaining the survey showing the boundary change and preparing the Court documents to get Circuit Court approval. The County will likewise be responsible for all costs associated with this request. Thank you for consideration of this request. If you need any additional information, please feel free to contact me at meadowsfc@montgomerycountyva.gov or 382-6954.

Sincerely,

F. Craig Meadows,
County Administrator

Progress Report March 2015

Adult Athletics

The Adult Basketball Leagues have finished their seasons. This was, by far, the most competitive season for both Slowbreak and Fastbreak Leagues that we have had. This was also the most participation we have ever had. We had 22 total teams, 11 in each league. The winners were: The Express, in the Fast break League and Jacks Team in the Slowbreak. Both were first time winners. Jacks Team went unbeaten on the season at 16-0.

The Adult Volleyball Leagues have already begun their regular season this week.

In Church League, we split the teams into the "A" League and "B" League. "A" League has 6 teams this season while "B" League has 7 teams. This is the same amount of teams that we had last spring.

Open Co-ed League begins on Thursday night. This year we have had an increase to bring our total to 15 teams. This spring is the most that we have had for this league. I expect this league to be very competitive.

Athletic Special Events – These are special events/clinics.

The CHS Baseball Clinic scheduled for March 4 was cancelled due to inclement weather.

The RU Baseball Clinic scheduled for March 12 was cancelled due to inclement weather.

The Dicks Sporting Goods Day on March 21 had 65 coupons redeemed for the 20% discount.

Youth Athletics Progress Report for March 2015

Baseball and Softball sign ups have come to an end.

	2015	Last year
T-ball	7 teams	6 teams
Boy's coach pitch	6 teams	6 teams
Girl's coach pitch	3 teams	1 teams
Boy's 9-10	4 teams	6 teams
Girl's 9-10	2 teams	2 teams
Boys 11-12	3 teams	3 teams
Girl's 11-12	2 teams	1 team

Girl's numbers have increased this season, but the Boys have decreased slightly and this is possibly due to having low sign-up rates for travel baseball players.

Uniforms have been ordered.

All baseballs and softballs are ordered, coaches' background checks are in, and we are still currently having coaches complete the certification process that is necessary in order to coach our teams. Equipment will be distributed this week to all coaches. We were able to complete all drafts for all age groups. The placement practices were a little difficult as the weather would not cooperate. We are currently working on practice schedules for all teams so the coach can give the information to the parents. We will have first aid kits at all field locations.

Next month we will be doing the schedules for these teams and starting games. We will be participating in the Dixie Youth Baseball and Softball leagues that are comprised of Christiansburg, Radford, Pulaski, Blacksburg, Montgomery County, Floyd, and Carroll County.

Progress Report for March 2015

Outdoor Sports Facilities and Parks

- We will be hosting 3 World Series starting on Wednesday, July 8th. Nations Baseball asked Randal Morris if they could add the Elite World Series also with the Ultimate and Select World Series. Randal is projecting more teams will be playing in these World Series than last year.
- Virginia Tech Club Softball game with Virginia Club Softball at Harkrader Sports Complex on Sunday, March 1st was postponed to March 22st. The games played on the 22st were very exciting. They split the 2 games with UVA winning the first game 5 to 1 and Va. Tech winning the second game 5 to 2. It was very good fast pitch softball to watch. Virginia Tech loved our facility and our community. We want to continue this relationship in the future.
- Virginia Tech Club Softball had to cancel their games with West Virginia University Club Softball and William and Mary Club Softball on Saturday, March 21st. Due to weather the WVU and William and Mary canceled due to teams not having enough practice time due to weather conditions in their area.
- Nations Baseball - Spring Warm Up - Used Falling Branch Big Field, Kiwanis Park Small and Big Field, Harkrader Sports Complex Fields 1 and 3. This was supposed to be a 2 day tournament to be held March 21th-22th, but due to weather condition it was a 1 day tournament held March 22th. There were 5-10 u teams – Team Va. 10u, New River Thunder, Botetourt Elite and Temperance Tornados. There were 6-11u teams – NRBi Thunder – Blue, Virginia Cobras, Temperance Tornados, Tribe, Botetourt Lightning and NRBI Thunder – Silver. We were the only locality to play on this weekend.
- Nations Baseball – Spring State Qualifier – Used Falling Branch Big Field, Kiwanis Park Small and Big Field, Harkrader Sports Complex Fields 1, 2 and 3. This was supposed to be a 2 day tournament to be held March 28th-29th but due to weather condition it was a 1 day tournament held March 29th. There were 6-10u teams – New River Thunder, Cave Spring Heat, Botetourt Elite, Roanoke Velocity, Grayson County Dare Devils and Yard Dawgs. There were 6-11u teams – NRBi Thunder – Blue, Botetourt Lightning, NRV Tigers, Southside Beavers, and New River Thunder – Silver and the Tribe. There were 5-12u teams – Botetourt Bandits, Madison Heights Mavericks, New River Thunder – Silver, Roanoke Blue Sox and Roanoke Velocity.

Meeting Minutes for March 2, 2015

Diane Fenton called the meeting to order and welcomed everyone

In attendance: Tonia Winn, Mary Critzer, Jim Williamson, Brad Epperley, Charlton McCoy, Mike Harris, Diane Fenton

Approved last month's minutes

Brad went over the monthly progress report.

February has been a very busy month with attendance being 10,789 patrons, not including programs.

Community Programs are going well with Core Balance and Strength having 22 participants, P90 has 24 participants, Total Body Cardio also has 24 participants, Beginning Yoga has 22 participants, and our new program Lunchtime Yoga has 10 participants in the class. Our dog obedience programs are doing very well with 14 owners/dogs in the Novice and 15 in the Intermediate classes. We are going to start a 40 minute Lunchtime Walking Club with the employees of Christiansburg as a trial run at the end of March, and then we will expand it to the public in the Summer Brochure. The Engineering Department is getting an updated map of all the sidewalks so that we can use it to explore Christiansburg.

Senior Programs: Senior Aerobics had 14 participants and Senior Motions had 15 participants. Tax Aide has had 289 participants so far, doing very well.
Wolfhart Hart House: Honkey Tonk Angels had 13 participants.

Youth Athletics: Basketball is completed for the season, and baseball/softball sign-ups will end March 6, with the placement practices in the middle of the month.

Adult Athletics: Fastbreak and Slowbreak basketball leagues are still going on, but close to being done with regular season and will go into tournament play. Softball Pitching/catching clinic and a hitting clinic on two separate days ended up having 5 participants in each category (more than last year). We will be having a Pitch/Hit/Run Clinic at Harkrader April 6th for boys and girls ages 7-14.

Outdoor Sports Facilities and Parks: Still working on pricing for Playground equipment that is needed for Downtown Park, hope to have this very soon. Nations World Series will be at Harkrader from July 8-12th, they are projecting close to 100 teams.

Brad handed out the draft for the Huckleberry Hustle 5k. Met with Diane and Shane Guynn to get everything together and make it work. Virginia Tech graduation is the same day, but we are going to try to go ahead with the 5k, it could be something that gives everyone to do that morning. We will have a few different awards for the 5k with one being the Queen and the King of the bridge (the first female and male to the bridge). We are also doing the Eight Mile Walk Challenge; Brad has been working with Councilman Steve Hubbert on this program. We are going to take the first 70 walkers that sign up and Blacksburg Transit will have a bus for us that will take everyone from the Recreation Center to Blacksburg Library and everyone will walk back to the Recreation Center to concur the Challenge. We will also have some of our vans along the trail in case we need to shuttle people back to the Recreation Center.

We have a citizen that would like to start a library at Depot Park, love the idea and it would enhance the improvement at Depot Park. She would handle the library and make sure the books were replenished. This is something very neat that could eventually grow around Christiansburg to other parks in our area.

The Recreation Center had a very large water leak that came from our cleaning dispenser water valve that had a malfunction. Both restrooms towards the senior area were filled with water, the multipurpose room 2, water all the way out to Court C and A, all storage closets, and some of the racquetball courts. We did an insurance claim very quickly but our workers jumped on everything and did an excellent job of getting the water cleaned up very swiftly and minimized damage, the insurance agent was very impressed with the small amount of damage from the close to 800 gallons of water. A few tiles have popped up, but for over all very little damage because our workers did so much so fast.

Budget meeting: We have been asked to prioritize our proposed capital budget. We have trail development, athletic field improvements (safety precautions), replacement of tile floor in Recreation Center (17 years old), picnic shelters, design drawing of the Wilson Property, playground equipment for pocket playgrounds, Outdoor fitness equipment on land that was donated for this purpose, paving the parking lots here at the Recreation Center (not been paved since the building was Lowes), and Kiwanis Small Field lights. Also put in capital equipment for Sand Pro Toro field grader for the maintenance of the fields. We will be prioritizing the capital category as far as safety is concerned first and as quickly as possible.

There were 5 different companies/firms that bid and were interviewed on the RFP for the Wilson property. And enjoyable learning experience, we are in negotiations with one firm but cannot release the name of the company at this time. Barry Helms, Town Manager, Nicole Hair, Director of Planning; Wayne Nelson, Director of Engineering; Sarah Morgan, also in the Planning Department; Jim Williamson, Recreation Advisory Board, and Brad Epperley, Director of Parks and Recreation, are the committee members that interviewed them. The Recreation Commission will be a very important part of the Master Plan for the Wilson Property.

Mike Harris brought up the idea of having a Junior Golf League (starter golf) in Youth Sports. We have offered a Youth League in the past, but it has not had enough interest. When Brad was in Salem they offered a program like this for children to get to play, they worked with the Pro-golfer at Hanging Rock learning different aspects of golf. At the completion of the week they would have a small tournament for the children to compete in. Mike has a great idea of getting different courses involved. Some ideas were to have the Pros and some coaches that could teach the children and help them. This idea will definitely be brought up at the next directors meeting to look at and see if we can do it on a regional prospective.

Meeting adjourned
