Consent Agenda

Meeting Date:

November 19, 2019

ITEM TITLE: Award Contract to King General Contractors, Inc. in the Amount of \$347,681.50 for Construction of the Depot Park Trail Extension project.

<u>DESCRIPTION</u>: Contract award in the amount of \$347,681.50 to King General Contractors, Inc. for construction of the Depot Park Trail Extension project. This project will construct 940 linear feet of asphalt trail with concrete rest areas, a pedestrian bridge, and 780 linear feet of conduit and pull boxes.

POTENTIAL ACTION: Approve Notice of Award and authorize the Town Manager to enter into Contract for the subject Work, contingent upon approval and notice of Authorization to Award from the Virginia Department of Transportation. Approval for Town Manager to sign the revised Appendix A, to follow, from VDOT, which includes the updated construction costs.

DEPARTMENT:

PRESENTER:

Engineering

Wayne Nelson

<u>ITEM HISTORY:</u> The Depot Park Trail extension provides connectivity of three town recreation facilities. The 10-foot wide asphalt trail will follow the path of the existing gravel trail along the recently completed stream restoration of Towne Branch and will include a pedestrian bridge near the skate park. The project is funded by the Transportation Alternatives program through VDOT which reimburses up to 80% of the project's expense.

TOWN OF CHRISTIANSBURG TOWN COUNCIL AGENDA COVER SHEET

AGENDA LOCATION:

Council Discussion and Action

Meeting Date:

November 19, 2019

ITEM TITLES:

Ordinance for Shared Mobility Systems for Hire, specifically addressing the operation of motorized skateboards or scooters, bicycles, or electric power-assisted bicycles.

Operating regulations for Shared Mobility Systems for Hire

DESCRIPTION:

The proposed ordinance is moving forward in an effort to meet a requirement by the State of Virginia for localities to adopt an ordinance prior to the end of the year if the Town wishes to address Shared Mobility Systems for Hire. The most popular type has been e-scooter programs and localities around the country have struggled with managing the influx of e-scooters on streets and sidewalks. The ordinance positions the Town to be able to regulate shared mobility systems in the future and avoid a situation in which an e-scooter company will "dump" e-scooters in a locality without any standards to provide guidance on how they can be used and where they can be left.

In addition to the proposed ordinance, Council is asked to vote separately on operating standards for these types of systems. The standards proposed are intended to cover the Town if a request for a system is received after January 1, 2020. It is not anticipated that the Town will receive a proposal in the near future and there may be a likelihood that the standards will need to be reevaluated once more research on best practices from other localities is available. We will send the standards to Council by email on Monday and provide details as requested by Council on Tuesday.

POTENTIAL ACTION:

Consider Approval
