Mr. Davis explained that the Moose Lodge was paying a high amount to rent their current building at Ridinger Street and beginning January 1, 2023, rent would increase. He added that the move to Franklin Street would allow the business to be more visible to the community and added their current building was somewhat hidden from view. He explained that their current building was too large and had a dance hall and outside shelter that was not being utilized. Mr. Davis concluded that he had met with the Town and had discussed the required steps for relocation.

Councilman Wilson asked how soon they would like to relocate if this was approved. Mr. Davis expressed that since rent would be increasing January 1st they would prefer to move as soon as possible.

Randall Hampton, 1420 Sleepy Hollow Road, asked Council to consider the relocation of the Moose Lodge. Councilman Bishop expressed that Council preferred to stay consistent and typically does not vote on the same night as a public hearing. Councilwoman Hicks expressed that she would like to remain consistent and not vote on the same day as a public hearing but noted that she felt this item was different than other public hearings.

Councilwoman Hockett agreed with Mr. Bishop and Mr. Showalter and expressed the need to stay consistent for public hearings. Mrs. Hockett added that she was not aware of any concerns for relocating the lodge and would ultimately vote yes due to the time crunch and inflation in monthly rent.

Mrs. Tweedie also touched on the Town's unassigned fund balance increasing by 1.2 million and noted that the unassigned fund balance according to policy was at 54%. She explained that according to the Town's policy that balance would need to be taken into consideration and stated that 54% was on the high side. Mrs. Tweedie expressed that there are sufficient unassigned fund balances to allocate additional amounts into assigned fund balances for known upcoming major capital projects. She explained that the recommendation was to add funds to the Fire truck reserves, Park reserves, Treatment Plant reserves, Emergency Services project reserves, and finally the Capital projects reserve. She concluded that this would get the Town's fund balance in compliance at 41%. Mrs. Tweedie explained that overall, the revenue numbers were consistently over budgeted and expenditures less than budgeted. She noted that the Town's reserves and liquidity were in excellent condition. Mrs. Tweedie talked about major upcoming projects for 2023 including the new Huckleberry Park, Roanoke Street waterline and paving improvements, College Street drainage and Stone Street drainage improvements, and Cambria Station pedestrian improvements.
