Public Hearing

Meeting Date:

February 14, 2023

ITEM TITLE:

Rezoning request by Southwest Investment Co. LLC, property owner, and Southwest Excavating, Inc., lessee, to rezone an approximately 1.87-acre portion of the property located at 200 Scattergood Drive NW (Tax Parcel 496 – ((24)) - 5; Parcel ID 033540) from B-3 General Business to I-2 General Industrial. The property is designated as Mixed Use with Buffer (Industrial) on the Future Land Use Map of the 2013 Christiansburg Comprehensive Plan.

DESCRIPTION:

As a result of plans submitted to the Town for an expansion it was determined that the contractor's equipment storage yard would use a portion of the property which is zoned B-3. Since contractor's equipment storage yards are not allowed in B-3 without a Conditional Use Permit, and because the rest of the parcel is zoned I-2, and because split-zoning property is not good planning practice, the Town suggested that the applicant address the zoning before the plans could be approved. Therefore, the applicant is requesting this change to I-2 to allow the existing contractor's equipment storage yard to expand and to operate on this portion of the property as a by-right use.

On January 30, 2023, Planning Commission voted 6 to 0 to recommended to approval of the request.

- A. David Rotenizer Executive Director, Blacksburg – Christiansburg – Montgomery County Regional Tourism to update Council

Mr. Rotenizer addressed Council and spoke about the updates to the tourism website and noted the additional section of area parks that had been added at the request of

Town Council. He further explained that direct links and descriptions of each of the parks had been included on the website as well. Mr. Rotenizer introduced Cheyenne Kees, Tourism Program Assistant, and noted that she had played a critical part in the updating and programming of the website. Mr. Rotenizer further noted that tourism had relaunched their social media platforms and were currently posting one to two posts per week on Facebook and Instagram. He touched on the collection of photo assets on their website and explained that they continue to add content to the program periodically.

Mr. Rotenizer talked about the upcoming update to the DXP (Digital Experience Platform) and explained that this section would automatically update their daily events and activities calendar, as well as business listings every 72 hours. He talked about the American Rescue Plan Act funds from Montgomery County that had been transferred to the tourism office and how those funds had helped with furthering marketing production. Mr. Rotenizer expressed that an outdoor recreation and sports asset inventory would be conducted to help perform an audit of what they have and how to better market and prepare the tourism assets that are related to outdoor recreation and sports. He continued to talk about marketing and visitor guides that would be designed in-house as well as new content in the guides that would include public art, park information, and QR codes that would help visitors navigate the area. Mr. Rotenizer noted that these new guides could be expected by April of this year. He talked about working with their New River Valley partners and securing state funding for several of the upcoming projects mentioned.

Councilman Bishop inquired about the DXP program and how the area events were entered into their system. Mr. Rotenizer explained that a geo fence would be positioned around the county and the software system would look at different programs in the area which would automatically populate the events section. He explained that the businesses would need to be responsible for placing their businesses on Google Places and their events on Facebook or Eventbrite for the DXP to pull that information.

VI. CITIZEN COMMENTS

Chris Waltz, 1370 Rigby Street, thanked the Council members that had voted in favor of suspending funding for school resource officers. Memorandum of Understanding with Montgomery County regarding acceptance of the Parkway Drive Extension

DESCRIPTION:

With the development of the FedEx distribution facility off Parkway Drive, the Montgomery County Economic Development Department desires to apply to VDOT's Economic Development Access Program for a matching grant to extend Parkway Drive in Falling Branch Corporate Park Phase II. The street extension would be from where it currently ends at the entrance to the FedEx facility to the second (and last) pad in this phase of the park. The street extension is proposed to be 2,400 linear feet. The street improvements—along with the County grading the site—will make this the highest-level tier in the site rating system of the Virginia Economic Development Partnership and will make this site more competitive with economic development prospects. This parcel is a 35-acre parcel with a potentially 20-acre graded pad. It could support up to 300,000 square foot building in the future.

This Memorandum of Understanding is required by VDOT as part of the grant application for the Economic Development Access Program and outlines the conditions in which the Town would accept the street for Town maintenance. In turn, the Town would be able to receive funds from the State for the long-term maintenance for this portion of the street. The acceptance of the street for maintenance for the County is similar to the process we would go through for any private developer building a street and requesting us to maintain it. The street will have to meet all Town standards. The Town is not responsible for any construction costs or matching dollars for the grant. As Council may recall, Parkway Drive is planned to eventually connect to South Franklin Street and this extension would be helpful in our goal to have the street closer to connecting to South Franklin Street.

PRESENTER:

DESCRIPTION

To comply with the Town's fund balance policy, we have excess funds in our unassigned fund balance after budget amendment #2 that should be assigned to upcoming commitments. It is recommended that it be assigned as follows:

Fire Truck Reserve	\$1,350,000	cover future commitment on purchase order
Park Reserve	4,000,000	cover our commitment on the park until lot are sold and sponsorships realized
Solid Waste Truck Reserve	700,000	to replace 2 of our solid waste trucks
Capital Projects Reserve	400,000	Other major needs as required

This will leave our fund balance at 35% of prior year operating costs in accordance with our fund balance policy.

Fund Balance Policy: *The Town shall seek to maintain unassigned fund balance of between 35-40% of all expenditures in the preceding fiscal year. Expenditures shall include operating expenses (excluding capital) of the general fund, permanent fund, and enterprise fund, less any unassigned fund balance in the permanent fund and the enterprise fund. If the unassigned fund balance after conclusion of the annual audit exceeds 45% a review shall be conducted and appropriate actions shall be taken. If the unassigned fund balance is less than 30% a plan shall be developed to restore the reserves in an acceptable manner under the circumstances.*

ITEM TITLE:

TACS Agreement

DESCRIPTION:

This is an agreement to turn over collections of delinquent real and personal property taxes.

POTENTIAL ACTION:

Approval of Agreement

DEPARTMENT:

Finance

PRESENTER:

Val Tweedie

ITEM HISTORY:

Taxing Authority Consulting Services, PC (TACS) has an agreement with Montgomery County for the collection of delinquent real and personal property taxes that we have been tagged on with respect to real estate taxes. If the citizen is delinquent with the County and the property goes to auction, then they must also collect for the Town of Christiansburg. However, if the citizen works out a payment agreement with the County, there is no obligation for them to collect for the Town since we are not a party to that agreement, and it does not cover collection of personal property taxes which are the most difficult to collect if they have left the State of Virginia. Personal property tax sunsets after 5 years while real property tax sunsets after 20 years.

During the pandemic many collection processes were put on hold or were ineffective in stimulating payment. Those restrictions have now been lifted and we find that we do not have the resources available to aggressively pursue collections on older accounts. TACS can provide this resource for us at no cost to the Town of Christiansburg. They collect their revenue by adding 20% to 25% of the past due amount to the collection process to be paid by the citizen. The Town would be paid the full amounts it is owed, and the citizen pays for the collection fees.

We would turn over accounts that are 2 or more years delinquent and we would continue collection efforts on the two most recent years. This will still require staff time to interface with TACS to process the accounts but far less than what is needed if we continue collections. Additionally, TACS has more avenues to find taxpayers and pursue beyond the borders of Virginia. Outstanding personal property tax for 2018-2022 is approximately \$900,000 and outstanding real estate tax is approximately \$250,000 (but over half of this is for December 2022 bills).

Ordinance regarding Designation of Town Police Enforcement of Trespass Violations

DESCRIPTION:

This is in response to recent incidents at the Recreation Center and the need to issue trespass violations against a limited number of guests. Town staff is proposing to formally designate the Police Department as a "person lawfully in charge of the property" for the purpose of forbidding another to go or remain upon such real property, as specified in the designation." It is required to take this step per state code to pass an ordinance officially making this designation and to have this designation in writing and on file at the Police Department. This will pertain to all Town properties including the Recreation Center, Aquatic Center, and parks. The issuing of no trespass notices is not something that neither Department Heads nor I take lightly, however in limited instances it is necessary to ensure our families have welcoming and safe places to visit and recreate. In most instances, an issued no trespass notice would apply to only the recreation center, the aquatic center, and the Town parks and would be valid for one year.

Plaque or other memorialization at Christiansburg Huckleberry Park

DESCRIPTION:

With the dedication of a Town building or facility, typically a plaque has been installed commemorating the Town Council and staff. Attached are examples of existing Town plaques. Each plaque is different. For instance, the plaque in front of Town Hall has a brief inscription that reads “Dedicated to the Citizens of Christiansburg by the Mayor and Town Council” before listing the Councilmembers and the Town Manager at the time. See attached photos. The discussion is intended to gather Council’s feedback on how they would like to move forward, including desire for such memorialization as well as potential design and location. This would also be an opportunity to discuss any other memorialization instead of a plaque at the park.

ITEM TITLE:

Resolution regarding Town of Christiansburg's 2023 Legislative Positions

DESCRIPTION:

In the past, Town Council has occasionally gone on record to support or oppose specific legislative proposals and put those in the form of a resolution of legislative priorities. The last resolution passed was in 2017. The resolution could be as broad as stating that Town Council's support the Virginia Municipal League's (VML) Legislative Program or detailing specific actions or even specific House and Senate Bills. After mentioning this to Council in an update, I have not heard any suggestions for specific actions or bills to include. Attached is a proposed resolution stating general positions, as well as support for VML's Legislative Program. There are several VML positions that more directly related to us as a Town than others, so these are listed individually in the resolution.
