TOWN OF CHRISTIANSBURG  
PART I  
BUDGET FY 2022-2023  
SUMMARY  
Approved 5-24-2022

Honorable Mayor and Town Council

Submitted herewith is the budget for FY 2022-2023 that represents our best effort to achieve a balanced budget for the upcoming fiscal year. Directors submitted their requests in January as requested to be as flat as possible from the preceding budget year 2022 for funding of their departments operations as well as capital equipment and vehicle needs and major capital projects. We compiled those budgets into a full document and reviewed each department's submissions for consistency and capital items. Departmental increases are reflected primarily in salaries and fringe benefits, fuel and materials that we feel are justified. Capital requests were significantly reduced both by the Directors and Town Manager that were deemed could be postponed or not needed. Each fund with the exception of the cemetery has operating revenues in excess of operating expenditures and are utilizing either assigned or unassigned fund balances to cover capital needs.

A number of years ago Council approved a fund balance policy that requires us to hold an unassigned fund balance of between 30%-45% of the operating expenses of all funds. This policy was established so that if really difficult times, like what have been experiencing in the past several years, we would have funds to continue to sustain essential services and operations. We believe this budget represents a sustainable path to provide the desired services to our citizens within the constraints of funds available and priorities of Destination 2022. As always it will require that we keep a watchful eye throughout the remainder of this year and 2023 to ensure we remain within our forecasted revenue streams.

TOWN OF CHRISTIANSBURG  
PART I  
BUDGET FY 2022-2023  
SUMMARY  
Approved 5-24-2022

We have had considerable discussion about our revenue forecasts with respect to the economic recovery after we move into a new phase with COVID-19. We have increased revenues from 2022 levels based on our experience with revenues throughout 2022.

Primarily these are meals, lodging, sales tax and business and occupational taxes.

Throughout 2020 and 2021 we experienced a 50% drop in lodging revenue, 15% drop in meals revenue and an approximately 3% drop in sales tax revenue. Business and Occupational licensing increased 4% between 2020 and 2021 and we have reflected increases in these revenues based on actual experience thus far in 2022 to be in excess of our original expectations. We have forecasted operating expenditures for the general fund to increase by 11%. Departmental increases are due primarily to increases in fuel and materials as a result of the rising inflation and salary and wages based on implementing a cost of living adjustment (COLA) increase of 5% and targeted increases for positions that are falling below the targeted wage of the Comp Plan and in direct comparison to other localities. The COLA increases were implemented on April 25, 2022. We have also expanded the operating budgets for Parks and Recreations to include the opening of the new park and the debt for same. There are 4 new full-time positions proposed in this budget for the Rescue department to assure proper call coverage. The proposed budget also includes a 2% merit pool for employees to be awarded in November 2022.

**Per our Draper Aden rate study from 2017 the scheduled increase in water rates for 2022 are continuing to be postponed and are not included in this budget for 2023.**

**Sewer rates will not increase in FY 2023**

**TOWN OF CHRISTIANSBURG**  
**PART I**  
**BUDGET FY 2022-2023**  
**SUMMARY**  
**Approved 5-24-2022**

Our need for capital projects for large infrastructure, streets, storm water, trails, water and sewer, has been a growing concern for some time. Due to the size of these projects much time was spent developing priorities for inclusion in the budget this year. We are continuing to develop more detailed capital improvement plans looking forward 5 or more years. There are several capital projects and grants which require the match of Town funds that are funded in this budget.

Some of the projects are continuing from prior years, while other projects are for design funds only with construction funds to follow in future years. Special Revenue funds, Grant funds of \$10,692,550, storm water fees of \$3,420,571 Water & Waste Water Enterprise funds of \$7,612,200 and Town funds of \$10,266,474 will allow us to complete \$31,991,795 in capital equipment acquisitions and street paving, trails and sidewalks, water & waste water as well as storm water capital projects.

Major Capital Improvements and Capital Items contained in the 2023 budget are:

- Tower Road signal engineering and design and construction in 2018-2023
- Arbor Drive Signal engineering and design and construction 2018-2023
- Annual paving and primary extension paving and street reconstruction
- Roanoke Street Sidewalks
- Truman Wilson Park Development
- Hickok Street Improvements

TOWN OF CHRISTIANSBURG  
PART I  
BUDGET FY 2022-2023  
SUMMARY  
Approved 5-24-2022

- Industrial Park storm water improvement
- Buffalo Tank Replacement
- Silver Lake Interceptor
- Pedestrian improvements on North and South Franklin
- Trail lighting
- Replacement of HVAC units at the Aquatic center
- Roanoke Street water line replacement
- Upgrade water pump stations
- Design and engineering of upgrades to the WWTP
- College street drainage study and design for improvements

Other major initiatives in this budget include; Major repairs and upgrades at the waste water treatment plant, upgrading and improving our technology backbone with upgraded servers, software and IT systems; implementation of new financial and services software to move toward more access by citizens 24 hours a day. We have been setting aside funds in reserves to pay for this software upgrade over the past 5 years. The implementation is expected to take approximately 2.5 years.

**TOWN OF CHRISTIANSBURG**  
**PART I**  
**BUDGET FY 2022-2023**  
**SUMMARY**  
**Approved 5-24-2022**

The budget for the Town of Christiansburg reflects five different fund types, the general fund, which is used for all revenues and expenditures of the Town that are not designated or required to be accounted for in another fund, a permanent fund (cemetery), a special revenue fund, capital projects fund and two enterprise funds, one for water and sewer activity and one for storm water activity.

The Permanent Fund is used to account for the activity of the Sunset Cemetery. Generally accepted governmental accounting principles requires that this be accounted for in a permanent fund because it will be required to have funds set aside for perpetual care in a separate fund balance from the general fund and will exist in perpetuity for the maintenance of the cemetery.

The Special Revenue Fund which is used to account for grants, contracts and donated funds that are restricted as to the use of the funds received as mandated by law, contract, or donor requirements and the revenues derived from the activity are the primary funding source.

Capital Project Funds are used to account for financial resources that are restricted to expenditure for capital construction activities that generally require more than one fiscal year to complete.

The Proprietary or Enterprise Funds are used to account for the activity of the water and sewer operations of the Town as well as related capital acquisitions and construction and the storm water enterprise fund, which accounts for the activity of the storm water operations and related capital and construction projects.

Total revenues expected for the general fund are \$32,719,033 General fund budgeted operating expenditures are \$31,073,344 and an additional amount of \$3,419,860 for capital equipment and capital construction. General fund debt payments included in the operating budget of the general fund are \$1,729,251.

TOWN OF CHRISTIANSBURG  
PART I  
BUDGET FY 2022-2023  
SUMMARY  
Approved 5-24-2022

The cemetery fund is expected to generate revenue of \$107,500 with operating expenditures of \$302,151 and funds to the perpetual care reserves of \$47,500 requiring support from the general funds of \$264,651 which includes capital of \$22,500.

Special revenues funds are generally equal to the expenditures except as their designated reserves are expended. The current expectation for grants and donations is \$1,679,311 in revenues and \$4,471,978 in expenditures, the difference is primarily the expenditure of ARPPA funds and EMS third party recovery funds and expenditure of other designated and reserved fund balances of \$2,792,667.

Capital project funds are funded by both general fund dollars of \$4,509,068, assigned reserve funds of \$3,611,682, grant dollars of \$2,556,303, and donations and sales of \$4,000,000. Total capital projects budgeted for this fiscal year are \$14,677,053 which are delineated in Exhibit 2.

The enterprise fund for water and sewer is expected to generate \$11,671,000 in revenues and have operating expenditures of \$8,846,576 which includes the cost of debt service (\$285,268). Capital needs for the enterprise fund are \$7,612,200. These are funded with revenues from the enterprise fund and fund balance. The storm water enterprise fund is expected to generate \$3,032,261 in revenues and have operating expenses of \$829,633 and capital projects of \$3,420,571 from the storm water fund balance.

TOWN OF CHRISTIANSBURG  
PART I  
BUDGET FY 2022-2023  
SUMMARY  
Approved 5-24-2022

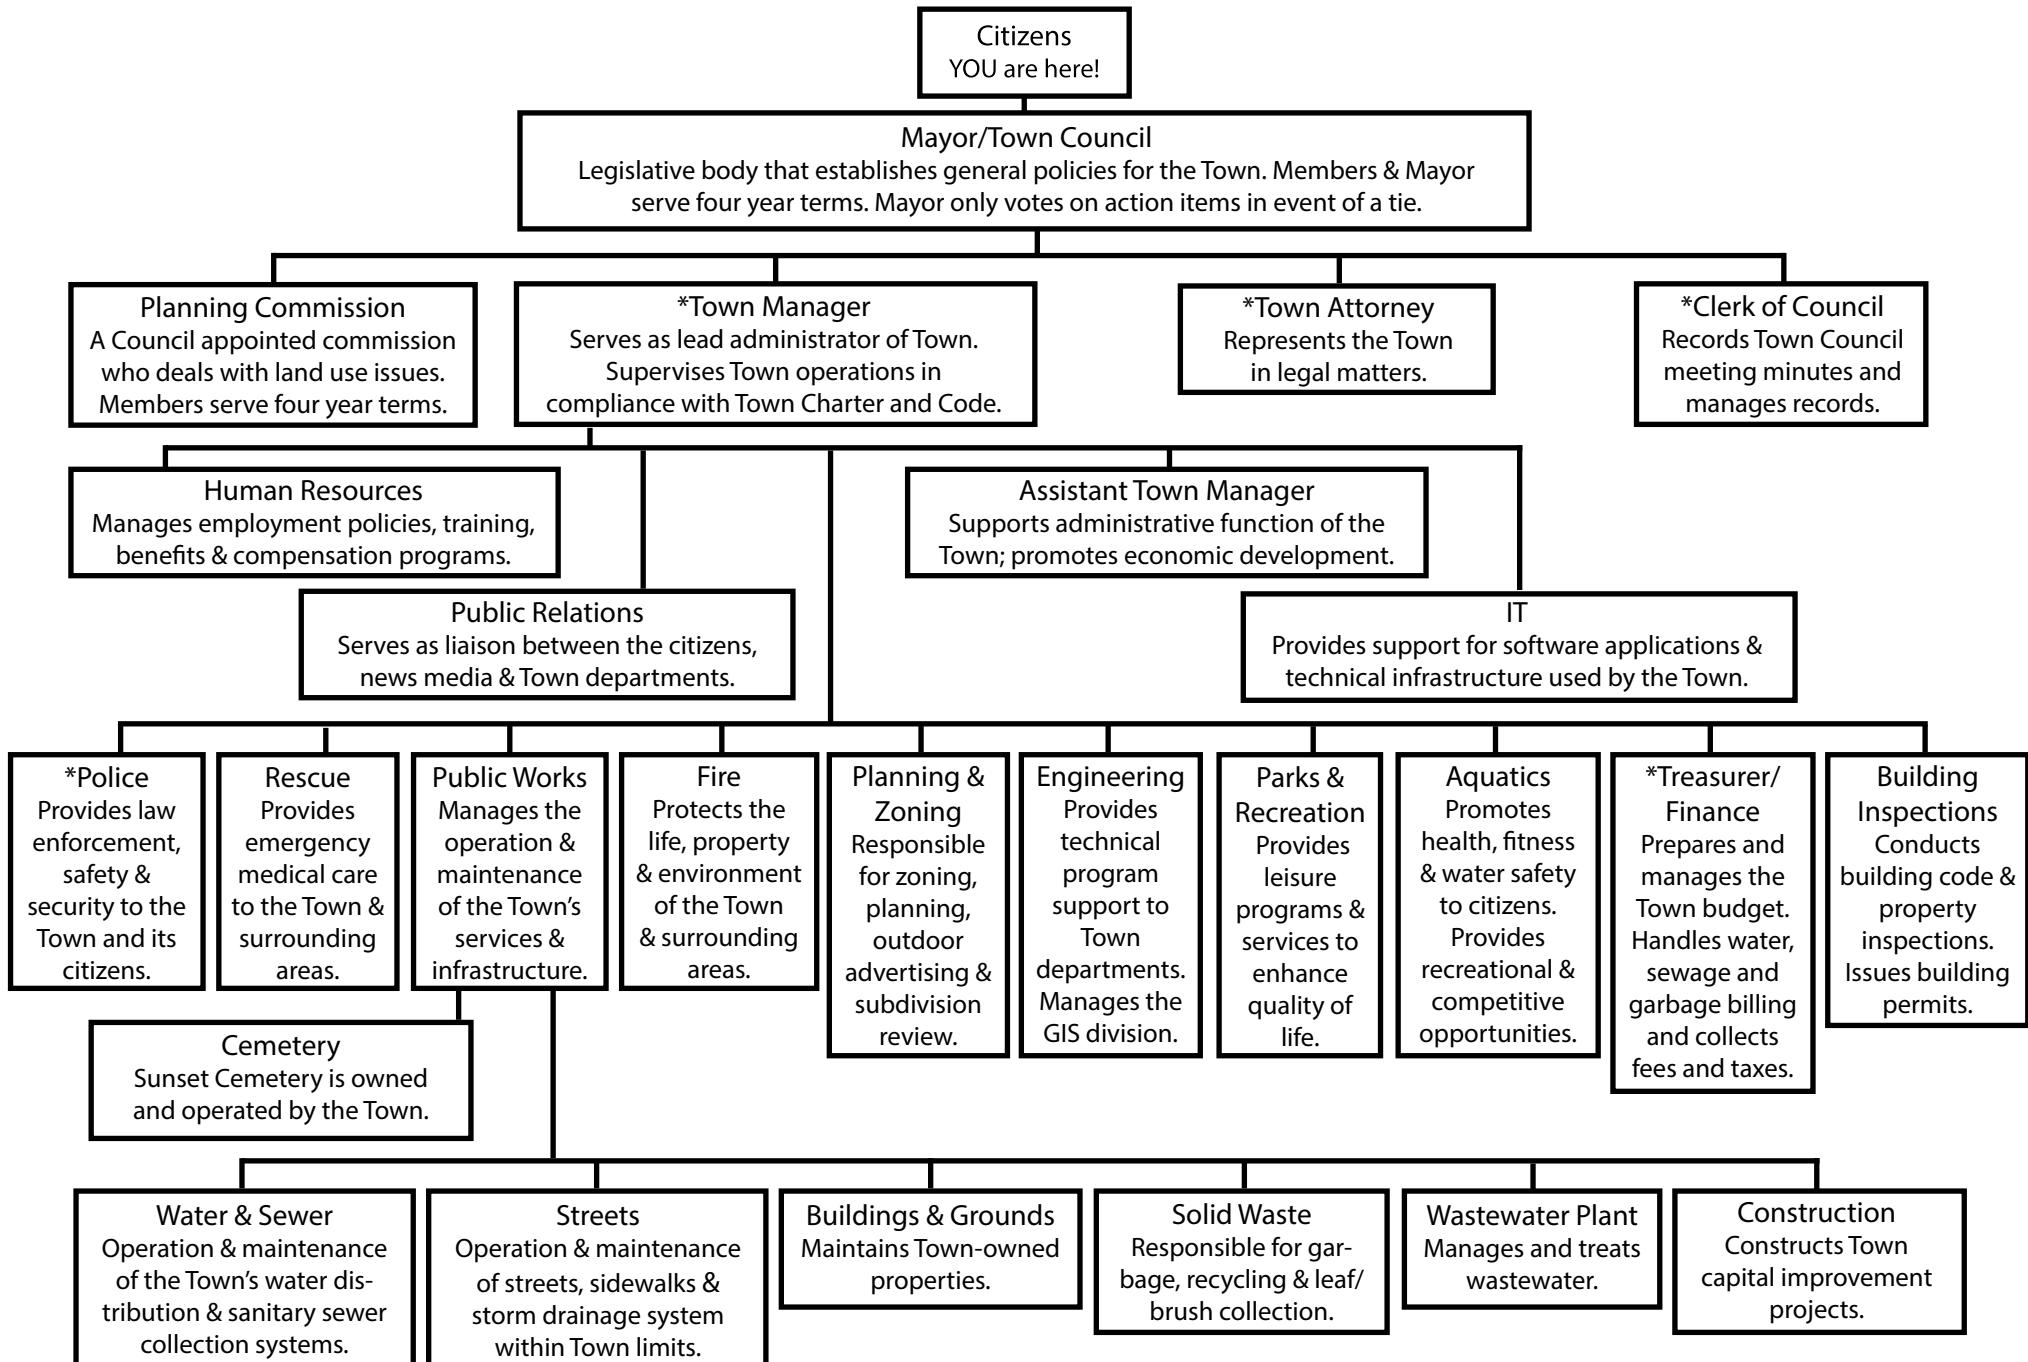

This budget includes rolling over capital and construction projects as well as new projects to be funded from unassigned fund balance of \$5,947,889. It is anticipated that the beginning unassigned fund balance will be approximately \$25,465,057 million dollars on July 1, 2022 and will have an ending unassigned fund balance at June 30, 2023 of \$17.9 million. In accordance with our fund balance policy to maintain unassigned fund balance between 30% and 45% of prior year operating expenditures, the above sources and uses is approximated to leave the Town with 43.5% in unassigned fund balance at the end of the 2023 fiscal year.

Respectfully Submitted,

Randy Wingfield

## **TOWN OF CHRISTIANSBURG PART II**

### **BUDGET**

Approved by Town Council 5-24-2022

### **FIVE YEAR REVENUE AND EXPENDITURE PROJECTIONS**

The five year projection which comprises Part II of the budget document, although not a part of the budget, is intended to supplement the budget by affording the Town Council some guidance for the future financial planning of the Town.

The forecast includes revenues for fiscal year 2023. Years 2024 and beyond include projections that are based on a return to pre-covid growth at a slower rate with inflation in all years of 2% and a potential to raise property taxes 2 cents in 2027 to help with funding aging infrastructure.

Growth in recreation programs are increased for the addition of the new regional park in 2023 and beyond. No other program expansion is included. Operational costs and additional revenues have been added in 2023 for operations of the new park development. Debt service costs are included in 2023 and forward for park construction and expected debt service requirements. The forecast also includes new financing and major construction work to improve the waste water treatment plant.

Several other large projects have been included in this five year forecast such as the Roanoke Street fire station, public works land acquisition and facility, major paving and trail development, major sewer, water and storm water projects and renovations to the recreation center. As you can see by the major capital outlay forecast for the years beyond the current year, they may require some debt and grant support to complete. The priority of each of these projects as they come up will require prioritization to meet citizen needs and expectations. The Town is experiencing a fair amount of development with new business growth that may improve the funds available outlook. The funds expected over the next five years as well as expected costs, both operating and capital are a forecast and actual revenue and costs may differ due to the changing economic environment and changes in needs and priorities.
