

Direct Utility Payment Authorization Form

We are pleased to offer you a Direct Payment Plan. You can have your utility payment deducted automatically from your checking or savings account, and you won't have to change your present banking relationship to take advantage of this service.

The Direct Payment Plan will help you in several ways:

- It saves time—fewer checks to write and mail.
- Helps pay your bills in a convenient and timely manner—even if you're on vacation or out of town.
- Your payment is always on time—it helps maintain good credit.
- It saves postage—many people spend close to \$100 a year on postage.
- It's easy to sign up for, easy to cancel
- No late charges or fees.

How the Direct Payment Plan Works

You authorize regularly scheduled payments to be made from your checking or savings account. Then, just sit back and relax. Your payments will be made automatically on or about the 25th of each month. You will still receive your monthly billing statement the first week of each month that will show the amount that will be deducted from your account. Proof of payment will appear on your next monthly statement from the Town as well as on your bank statement.

The authority you give to charge your account will remain in effect until you notify us in writing to terminate the authorization **or** your automatic payment is rejected by your financial institution. You will receive a notice if the payment is rejected and auto payments will be discontinued on your account. You will be responsible for making the payment by other means and a fee of \$25 for nonsufficient funds will be assessed to your bill to cover costs incurred by the Town. In addition if payment is not made by the 1st of the month following the bill date other charges will apply.

How to get started:
